Reconstruction

ID PFH 26(3)

Highway 75 between mileposts 206.7 and 207.9 through “Pebble Beach”

The excavation of the Pebble Beach Cut has been completed for the season.

Crews are continuing cleanup and winterization of both the Cut and Holman sites. This work will continue through Friday, Nov. 18th, with the road being opened to 2 full lanes at the end of the work day on Thursday the 17th.

During work hours, continue to expect delays of up to 15-minutes while traffic is being controlled by flaggers between 7:30 AM - 6:00pm.

There will be no delays during non-working hours.

The project will be in winter suspension after this week.

We appreciate your cooperation and patience this year, and look forward to completing the project in the spring and summer next year.

Thank You
